* For check payments, please make checks payable to **Smart Communications, Inc.** Indicate **Account Number, Full Name, and Contact Number** at the back of the check

ABOUT YOUR SMART POSTPAID ACCOUNT

Credit Limit or Spend Limit

A nominal Credit Limit or Spend Limit set by SMART controls the total amount of charges that you are allowed to incur within a billing period. When your nominal Credit Limit or Spend Limit exceeded, service may be subjected to Redirection at any point in the billing period. SMART may modify your Credit Limit or Spend Limit from time to time and send a notification to inform you of such changes. You may also request for a change in your Credit Limit or Spend Limit, subject to approval of SMART.

Disconnection

Disconnection is the total barring of services due to overdue accounts, or such other cases may be determined by SMART. Accounts with unpaid balances may be endorsed to Collection Agency/Lawyer and charged with interest, collection/litigation fees and applicable pre-termination fee.

Payment Due Date

The Remaining "Balance From Previous Invoice" is considered an "overdue" balance and must be fully paid immediately to avoid Redirection or Disconnection. The "Total Current Charges" must be fully paid on or before the Due Date indicated in the Billing Invoice.

Lifting of Redirection or Reconnection of Service

Lifting of Redirection or Reconnection of Service happens after receipt of the required amount of payment and posting to your account. You may also request for Lifting or Reconnection of Service by calling (02)- 8848-8889 using a landline or by calling us toll free #888 using your SMART mobile phone.

Redirection

Redirection is designed to help you manage your account balance and assist you with billing or payment-related concerns. When your service is subjected to Redirection, outbound call attempts will be forwarded to SMART, which provides an option to request for self-service lifting of Redirection or to speak with an Enterprise Hotline Agent. Meanwhile, your inbound service is active (e.g. you may still receive inbound calls, SMS, MMS and pre-enrolled Value-Added Services, etc.), while all other services (e.g. outbound calls, SMS, MMS, Data Value-Added Services, all International Roaming Services) are barred. Recurring charges such as Monthly Service Plan and Pre-Enrolled Value-Added Service are billable during the Redirection Period.

Questions About Your Billing Invoice

Please examine your Billing Invoice carefully. In case you have question, you may contact your assigned Relationship Manager or Collection & Reconciliation Analyst. If no error or dispute is reported within thirty (30) days from Invoice Date, the Billing Invoice shall be considered true and correct.

IMPORTANT REMINDER: UPDATE YOUR COMPANY'S BILL RECIPIENT

Keep receiving your electronic billing invoice without any interruption. Inform us of new Bill Recipients in your company by sending an email to enterprisesupport@smart.com.ph or to your assigned Collection & Reconciliation Analyst.
